AMENDMENTS IN THE SPECIFICATION

The following is a marked-up version of the specification with the language that is underlined ("___") being added and the language that contains strikethrough ("—") being deleted:

For the paragraph beginning on page 17, line 9

FIG. 11 is an example screen 160 illustrating a date selection menu that is presented to a user after the user activates the B button 89 while being presented with example screen 110 (FIG. 6). A message in the bottom area 105 instructs the user to select a date for browsing programs. The user can highlight a date from the date menu ~~121~~ 161 by activating the up and down arrow buttons 83 and 84 on the RC 80. The user can then activate the select button 87 to designate a currently highlighted date as the date for which program information is presented in the main program display area 106.

For the paragraph beginning on page 18, line 6

FIG. 14 is an example screen diagram that illustrates a television series selection screen 190 that is presented to a user after the user selects the television series option 183C while being presented with browse by screen 180 (FIG. 13). Selection screen 190 has a top portion ~~191~~ containing the heading "Television Series" and a middle portion ~~192~~ containing a television series selection menu 193. Selection menu 193 includes selections corresponding to types of television series. As a non-limiting example, options 193A, 193B and 193C would respectively provide access to past and future episodes from drama series, sit-coms and soap operas.
